

willamette health council

The Willamette Health Council (WHC) is in search of a **Health Transformation Manager** to join our team. Our mission is to improve the health of the Marion-Polk community by governing our local Coordinated Care Organization (CCO), making local investments, and fostering collaborative relationships. This position manages the Clinical Advisory Panel (CAP), a chartered committee of the WHC's Board of Directors. The CAP brings together diverse local health care provider perspectives to advise on best clinical practice, health care quality, and health information technology (HIT) initiatives. To learn more about our work, please visit: www.willamettehealthcouncil.org.

Position Overview:

The Health Transformation Manager is responsible for managing the CAP in support of WHC's mission, bylaws, and contractual obligations ensuring strong representation and engagement from the local healthcare provider community.

Essential Responsibilities:

- Supports community-driven health system transformation efforts in alignment with WHC and Marion-Polk CCO priorities.
- Supports the adoption of best clinical practice among physical, behavioral, and oral health providers within the Marion-Polk CCO region.
- Supports the development of community-level healthcare quality improvement strategies.
- Develops community-driven strategies and processes to direct the investment of funds to improve healthcare quality.
- Supports the CAP's engagement in the Marion-Polk Community Health Assessment and aligns CAP priorities with the implementation of the Community Health Improvement Plan.
- Coordinates and staffs all subcommittees and workgroups of the CAP.
- Works with CAP co-chairs/leadership to set annual priorities and develop annual goals and associated workplans.
- Meets regularly with CAP and subcommittee co-chairs to plan meeting agendas and provides support to ensure smooth hybrid meeting facilitation.
- Works in partnership with PacificSource Community Solutions to ensure compliance with pertinent Marion-Polk CCO requirements.

Required Qualifications:

- Working knowledge of Oregon's Medicaid system, specifically the roles and responsibilities of CCOs.
- Experience with healthcare quality improvement initiatives.
- Experience working with diverse groups of community partners to create a common vision.
- Experience facilitating meetings and assisting groups to build consensus.

- Strong organizational skills.
- Excellent written and oral communication/presentation skills.

Preferred Qualifications:

- Experience working in a clinical setting.
- Understanding of healthcare delivery systems.
- Working knowledge of Oregon's CCO Quality Incentive Measure program.
- Working knowledge of the Health Information Technology landscape in Oregon.
- Working knowledge of the Social Determinants of Health and Health Equity.
- Project management experience.

Certificates, Licenses and/or Registrations:

- Possesses and maintains a current Oregon driver's license and an acceptable driving record and is able and willing to drive for WHC business.

Salary & Benefits:

- Starting salary is \$80,000 depending on experience
- Medical, Dental, and Vision Plans
- Life Insurance
- Short- and Long-Term Disability Plans
- Employee Assistance Program
- Competitive 401K Match
- Tech Allowance
- 12 Holidays and two Floating Holidays
- Paid Volunteer Hours
- Education Assistance Program

The WHC team currently observes a hybrid work model (i.e., combination of work in office and work-from-home). We recognize the importance of a strong work-life balance, and we foster a fun, mission-oriented team culture.
